## RMCMI Contractor Safety Award Application

If you would like to recommend an outstanding contractor for their safety performance during calendar year 2016, please fill out the form below and submit to [mail@rmcmmi.org](mailto:mail@rmcmmi.org) no later than May 20, 2017. All applications will be reviewed and judged by the awards committee with the winning recipients being recognized at the RMCMI Convention and Annual Meeting. This form can be submitted by either a contractor or mine operator. A contractor is not eligible if they experienced a fatal or life-threatening event during the year.

- Contractor (company name) to be recognized: \_\_\_\_\_
- Contractor contact: Name: \_\_\_\_\_ Phone: \_\_\_\_\_
- Indicate which category best describes the Contractor's work:  
 Operational Support Services (development, mining, maintenance, reclamation etc) or  
 Non Operational Support (Engineering, cleaning services, security, consulting etc)
- Individual and company making recommendation: \_\_\_\_\_
- Mine operator contact where contractor has worked: Name: \_\_\_\_\_ Phone: \_\_\_\_\_

Please fill out the information below to the best of your knowledge

Category	Calendar year 2016
Number of contractor hours during the year	
Average number of employees contractor has on site	
Number of MSHA reportable injuries	
Number of Lost-time injuries	
Total lost work days	
Does the contractor have a formal safety program in place	
Is the contractor a current member of RMCMI (At the time of nomination, the contractor does not have to be a member; however, have a discussion about being a RMCMI member with them. Final award recipients must be members when the award is presented)	

Please include a discussion as to why this contractor should be recognized for their safety achievements. This area is critical as it will be weighted very heavy in the selection process. Include items like innovative practices, comprehensive training program, frequency of safety meetings, use of safety tools (stop work cards, life saving rules etc.) (Attach additional sheets if necessary):
